MAY NEWSLETTER  
1992

President: Chuck Kolder 728-7911  
Vice Pres: Chuck Kalish 761-1431  
Secretary: Karen Borgen 487-6285  
Treasurer: Doris Keefe 366-4679

Hello there Rustlers,

Are you all busy doing all of those "fun" Spring Things? (Weeding, planting, mowing, and getting the patio furniture out) Seems as if we'll never get finished; especially since my little "Helper-Harold" is obsessed with getting our Mustang on the road! He's nearing completion, or mental breakdown, I'm not sure which.

We took a "work-break" to spectate the Coventry Square (Rt. 8) Car Cruise, where Dan & Lynnette Hartmann made 1st rate Ford & GPMC representation with their awesome white & blue Shelby GT 500! Some 40-50 classic & custom cars, trucks, & even a boat, provided a nice viewing evening. A blue Mach I was the only other Mustang in attendance...the VW Club had more cars there. Let's show some Ponies that the crowds will appreciate!

Hope those of you with 'Stangs will be getting out to these Pittsburgh Cruises. Schedules for the locations and dates can be picked-up at our meetings, or at H&K Borgen Auto Parts. (These are FREE EVENTS with 50's music & trivia prizes, food for sale, and a friendly family atmosphere. As I can attest, you don't need a car to attend and have some fun.

MEETING MINUTES: (MAY 6, 1992)

Our first meeting held outside at Roosevelt Grove was fairly warm thanks to the members that started a toasty fire. Forty-one plus members attended, and their Mustangs were "shining". V.P. Chuck Kalish informed members of the July 12th Car Show Plans: There will be 21 Trophy Classes; vender arrangements have been made; a photographer will take pictures of each judged entrant; the club will purchase three folding tables. Club members are invited to park their Mustangs in the front-lot of Barden-McKain Ford, Rt 19 to draw attention to the Car Show, while providing a place for GPMC members to socialize. "Goodie Bag" items are still needed. Trophy sponsors are also requested.

Kevin O'Connor was successful in his efforts to have our club listed in the Mustang Monthly Magazine. GPMC is now in their national directory, and our Car Show is also advertised. Good job Kevin; your continued pursuit for GPMC's photo session in one of these publications is most appreciated.

Pres. Chuck welcomed new member Andy Grasha to the meeting.

Bob Sosovicka won the 50-50 raffle.

"DRAG-RACE" REPORT  
by Chuck Kalish

Harold and I were too busy to attend the last club outing, but Chuck was kind enough to give me a phone report of the days activities to report here-in:

The trip to Quaker City Dragway on May 17th sounded like a nice time. Chuck Kalish and wife Bonnie joined club members Terry & Marcelle Conroy, Rick & Maxine Kaminski, Bob Zink, along with Pat & young Ron Kaminski to enjoy a sunny day of drag racing.

It appears that Rick Kaminski gets to be "teased" once again, as he had to borrow Terry's long pants to wear because race rules dictate "no-shorts" can be worn by drivers. Everyone says Rick looked pretty "weird" standing beside his car between runs in roll-up pants! However, he did have two good drag runs, and Maxine accompanied him down the track on his third run in their '67 fastback. (No powder-puff run Maxine?)

Rick Kaminski's '67 Fastback really "tore-up" the track turning in the 10's! His car is pure drag and a real beauty; nice job on it, Rick.

The crowds got a special treat by seeing a Top Fuel Car run. It seems the driver was there to qualify for his license and Quaker Dragway hasn't seen Top Fuel cars in a long while, if ever. Chuck says it was pretty awesome to hear the throttle "cracked open" on this machine....LOUD AND MEAN!

We're glad you all had a good time; sorry we missed the fun but thanks for your report Chuck.

PONY EXPRESS  
by President Chuck Kolder

Well-we made the big time. Our club was finally recognized in Mustang Monthly. We will now be listed on their club roster.

Even though the weather was on the chilly side, we had a good turn-out at our last meeting. I promise it will be sunny and warm for our next meeting.

I don't have much to say this month, so I'll see you at the next meeting. (June 3rd, Roosevelt Grove, North Park)

\*\*\*\*\*

Remember... a \$10.00 reward is paid to the member who attends the next monthly meeting whenever their name appears backwards in the newsletter. EGROEG HGUAP .RJ

PLEASE RETURN YOUR CLUB PICNIC RSVP, found on page 3 → →  
this newsletter by JUNE 3rd. Thank you.

TIP FOR THE MONTH  
from Bill Keefe

A clean engine runs cooler and more efficiently, resulting in better fuel economy. And it looks great when you pop the hood.

Most car owners who take good care of their vehicle's exterior and interior stop short of cleaning the engine compartment, because they perceive it as a dreadful grind.

But the engine can be cleaned with a simple spray-on, hose-off process, according to car care products company Eagle One. Here is Eagle One's advice:

- Wet down the fenders so that any overspray will be diluted.
- Spray the engine and compartment with a spray-on tire cleaner, which is an excellent grease cutter.
- Use a nylon bristle brush or a parts cleaning brush to get to hard-to-reach areas and heavy accumulations of grime.
- Be sure to spray the firewall, inner fender walls, engine block, valve covers and hoses.

- Use a strong water spray to thoroughly rinse away all dirt and grease.

- Start the engine and let it run for a few minutes to speed up drying.

After the engine looks dry, turn it off and towel dry the remaining moisture. This is also a good time to chamois dry the fenders and grille area.

The second step to making your engine and compartment sparkle is even easier. Use a tire dressing to spray the entire engine compartment, including all painted surfaces, belts, hoses and valve covers.

The protectant provides maximum penetration. This not only makes everything look clean and new, but adds to the life of each component. Allow the formula to dry for about an hour and wipe any excess with a soft towel. Repeating this process periodically will maintain a "concours" look.
