

JUNE NEWSLETTER - 1992

President: Chuck Kolder 728-7911  
Vice Pres: Chuck Kalish 761-1431  
Secretary: Karen Borgen 487-6285  
Treasurer: Doris Keefe 366-4679

DON'T PANIC!!!! - This is only temporary!!!!

As you begin reading further into this month's Newsletter, I'm sure that you will realize in no time flat, that these are not the "informative" words of your regular secretary, Karen, but the "idle chatter" of that "ditsy" secretary from past years! Just a minor little setback! Karen will be back in true form again next month, --- I promise!

JUNE MEETING:

Our last meeting was very well attended. Seems like the freshness of the great outdoors really draws members and their cars out of hiding. Two of our newer members, Anna Schwarzmeier and Joe Kandala, came to try us on for size, and apparently we fit just fine! Hope to see you both back again!

MONEY - MONEY - MONEY!!!

Chuck's idea of printing a member's name backwards in the Newsletter each month, in order to bring out some "absentee" members, has finally paid off. EGROEG HGUAP, (or George Paugh, as we know him,) showed up to collect his \$10.00. This month's "mystery person" is ELAD NAEKCM. Hope to see you at our next meeting! That \$10.00 will be ready and waiting for you!

Our 50/50 raffle was won by faithful member, Brian Kuntz. If you come to the meetings long enough, your turn is bound to come. Congratulations Brian! Keep coming!

H E L P !!!!!

Joe Kandala is looking for some "mechanical help" with his '66 289 - 4 speed black Mustang. If any of you members out there who are familiar with that "frustrating" feeling, can lend him a hand, or share your expertise, he assures us that your efforts will be most appreciated.

GPMC - 6TH ANNUAL PICNIC:

Even with both Chuck Kolder and I around - the two original "storm cloud" members of our Club, ("they" say that rainy weather seems to follow us to some of the events,) we had a gorgeous day for our picnic. No rain in sight! We began around 1:00 with munchies, a scrumptious cheese tray and vegetable platter, supplied by our Club, to help whet our appetites before the real "chow-down" began! All of our members who came, brought with them a varied

assortment of salads, hot foods, and desserts. Marge Parker, from Wagner's Market on Middle Road, prepared two big trays of fried chicken, also furnished by the Club, and our own Maxine Kaminski prepared her "customary" "mouth-watering" ham. (It is "to die for!" -- so moist and tender!) Maxine also baked a big batch of buns, in addition to baking our "traditional" Mustang Club sheet cake, which was "out of this world" as well. Rick, -- what a lucky guy you are to have Maxine and her many "talents" all to yourself! -- ("cooking" and "baking" talents that is, -- of course!) Again, we can't thank you enough Maxine. It was superb, and your taking on this large task each year is very much appreciated by all. Thanks also to Scott Brown for supplying us with a big plastic tub for Gene and I --- (to unload all of the pop into - what else?) and also for bringing the volleyball and net. Some of the younger, and "physically fit" members joined in for some fun and exercise. Music abounded too throughout the afternoon, thanks to the able "spinning" abilities of our Club D.J., Tom Butler. Thanks a bunch Tom. You always come through for us! He even got some of us up on the "dance floor," making complete fools of ourselves -- but having a good time!

### CRUSIN' TIME!!

The highlight of the afternoon was when around fifteen of our Club's Mustangs, ( and one Cobra) assembled in line from the Grove parking lot, for a cruise around North Park Lake. Even those who didn't have a Mustang, were invited to hop in someone elses and ride along. (A few of us, however, were left behind, ---to guard the food?) As each car pulled out for the cruise, Tom Butler was on hand with the Borgen's cam-corder, to capture this treasured moment on tape. If it took, -- we'll show you the results at an up-coming meeting. Before the group started to thin out, some leaving to go to Chili's Car Cruise in Monroeville, (which we understand was packed) Bob McGaughey, a photographer from our neighboring area of Allison Park, came by to take a few group shots of our club, and also to do a photo-shoot of each member with their car, if they so desired. These photos will be available at a later date, as well as the group picture. Thank you notes were sent to both Marge and Bob on behalf of our Club for their contributions to our picnic. Bob risked "life and limb" standing out there in the middle of the road in front of the little church and cemetery across from the grove, just to take our pictures. (Audrey Schrauder was on hand to help all of the "older" members up off the ground, who had to kneel down for the picture!) Thanks too to everyone who helped us "set-up" and "clean-up" afterwards.

### LOST AND FOUND!

As is the "custom" each year after our picnic, someone leaves a serving spoon behind, and it is the duty of "someone" to inform the member of its whereabouts, and to then carry it with them to each and every meeting and event, in the hopes that someone will claim it! (Audrey, -- it wasn't you again was it?) My purse has gotten smaller in size, so if "someone" wishes to claim their lost piece, please give me a call - (486-0195,) otherwise, I will just add it to my collection! (I figure, --- about five more picnics, - I could have a nice serving selection!)

CLUB "TRIVIA!" -- or (just plain "GOSSIP!")

Who was that in the hot blue Mustang? What Club member, along with his wife and son, were stopped by the police on the Car Cruise around the lake, for not having an inspection sticker, a sticker on the license plate, (this "mars" the appearance!) and no driver's license? And, both of them being city employees of the blue too! (After a check with his place of employment, it was clarified that he was indeed, an officer of the law!)

What Club member, on his way to our last meeting, was followed to his destination by a blond woman (with "children" in tow) -- (this last part we add for the benefit of his "brand new wife"), who was interested in knowing if his little "red and white" vehicle was an MG! -- as she was rebuilding one. (A likely story!) We know that his spouse will go easy on him though, as this was all just a little mistake. (Why he even had his recent wedding album lying right there on the seat of his car!) What a guy!

What Club member, whose initials are C.K., (but not her husband Chuck) has again been paired in last month's Newsletter with "Bonnie" Kalish? Karen, --- I taught you well! I made this very same error with "Bonnie" and "Michelle" right after one of our bowling outings! (Do you think there's something going on here that we don't know about?)

NOTE TO ALL MEMBERS OUT THERE!!! -----

Be careful of what you say and do,  
It may come back IN PRINT,  
To "haunt" you too!!!

GPMC - ALL FORD CAR SHOW - Barden-McKain:

PLEASE DON'T FORGET!!! July 12th (Sunday)  
Bright and Early - 9:00 a.m.!!!

Our Car Show is rapidly approaching, and so far, everything appears to be falling into place. We will run through everything at the next meeting, and if anyone has any input or wishes to volunteer for anything in particular, please let Chuck Kolder, Chuck Kalish, Rick Kaminski, or Gene Hagerty know. We still need some "goodies" to fill the gift bags for the show. At our last meeting, we discussed Car Show plans, organization, trophy-sponsorship requests, and advertising, -- all of which have been taken care of. Again, --- GPMC member cars will not be judged this year. We plan on displaying all of these cars on the front line of Barden-McKain's parking lot. If every member with a Ford vehicle would just come out, we should have a really impressive array of Mustangs, or other Ford specials. LET'S SEE EVERYONE THERE!!!!

I must admit -- as much as computers scare me, they sure do come in handy for columns such as the WANT ADS. Karen was good enough to help me out here with the following:

WANTED or FOR SALE ADS will be placed in the monthly newsletter at no cost to G.P.M.C. Members. Your ads will be published in three consecutive newsletters. PLEASE limit the ad to four or five lines of space; and kindly submit the ad info. or deletions by the 12th of the publication month. Thanks!

GPMC; c/o KAREN BORGEN  
2430 Tanglewood Dr.  
Allison Park, PA 15101

## Lick interior moisture problems during storage

*Old Cars* recently asked Jeff Backer, Jr. of the Browns Valley, Minn.-based B.W. Inc. to tell us about his company's DRYPAC® moisture protection product.

He explained that DRYPAC® works like a dehumidifier without electricity. It is designed to prevent moisture damage caused by "sweating" and humidity level changes throughout the year typical of damper regions with broad ranges of temperature. For example, it prevents the formation of mold-mildew and its smell along with preventing the oxidation of interior chrome and aluminum pieces. In so doing, it also shields clocks, gauges, radios and various electrical connections from the unseen rusting and corrosion of their internal components. Upholstery and carpeting can also be stained or damaged by excessive moisture and DRYPAC® works to stabilize the moisture level in a vehicle during the entire year to prevent interior moisture damage of all types from occurring.

In addition, DRYPAC® itself does not swell, smell or crumble and it feels dry even while it absorbing up to 40 percent of its own weight in water at 100 percent relative humidity. It is said to be durable and long-lasting when used according to instructions, especially if stored in an air-tight container when not in use.

Pricing and other information is available by calling or writing B.W. Inc., 4th St. 2nd Ave. So., Browns Valley, MN 56219, (612)695-2891.

CRUISE - LINE: (for July)

July 1st: South Park Shops Cruise 6:00 - 9:00 p.m.  
7228 Baptist Road

Oct. 24th: Halloween Party - Don & Jaye Wilkinson's

Dec. 17th: Club Christmas Party

September and November are still open months as far as Club events go. Any suggestions are welcome.

"PONY EXPRESS" COLUMN: ("sort of!") - Chuck said he is on "vacation" (we've heard that one before,) so we're kind of "out to pasture this month!")

Chuck has lined up a guest speaker for our next meeting. John Wade, of Envirosafe Stripping Co., Inc. will discuss plastic media blasting, an alternative to chemical paint stripping and sand blasting. PLEASE TRY TO MAKE THIS ONE! Remember also, we will be finalizing Car Show plans. For our August meeting, Chuck has lined up Kevin Bolland, from D & D Rebuilding Service, and a representative from Valvoline Oil Company. Kevin will talk about engine rebuilding, and accompanying engine failure problems, etc. The oil presentation will tie in with this topic.

If you know of any speakers, who might be available for one of our meetings, please let Chuck know.

Well, that's it for this month, -- "thank goodness!" While I have the chance, I'd like to commend Karen on the excellent job she has been doing as Secretary for our Club. When I gave up the position in December, I remember saying that it was time for a "new" and "improved" Newsletter. WAS I RIGHT -- OR WHAT!!! Great job Karen!!

Karen kept saying that she'd get back at me for nominating her to be Secretary. I guess this month's Newsletter was it! You know the old saying, --- I DON'T GET MAD, -- I JUST GET EVEN! ----- It's been fun, but "IT'S ALL YOURS AGAIN KAREN!"

See you all at the next meeting! JULY 1ST, Roosevelt Grove,  
North Park - Walter Rd. (See May Newsletter map for new members) 7:30
